HOTEL
SOLUTIONS

TURN KEY SOLUTION FOR YOUR HOTEL BEDROOM

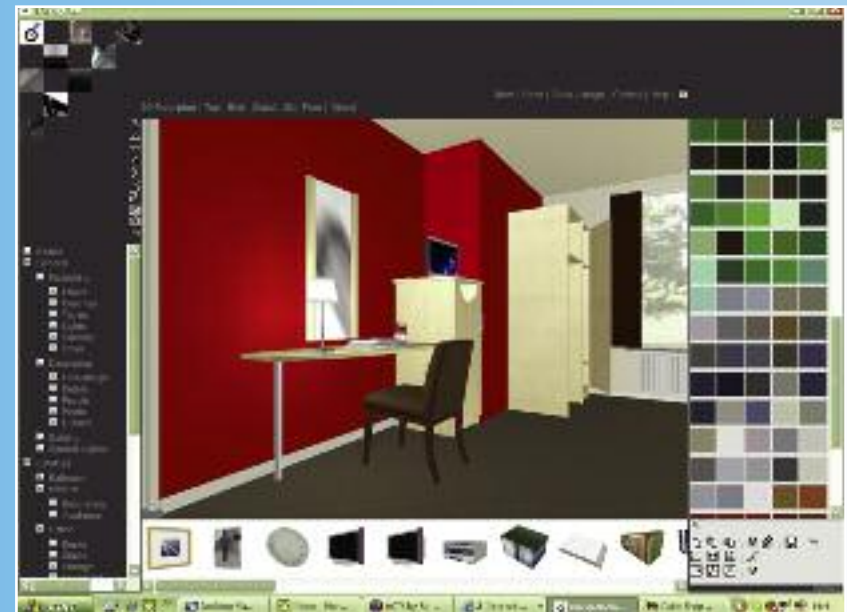

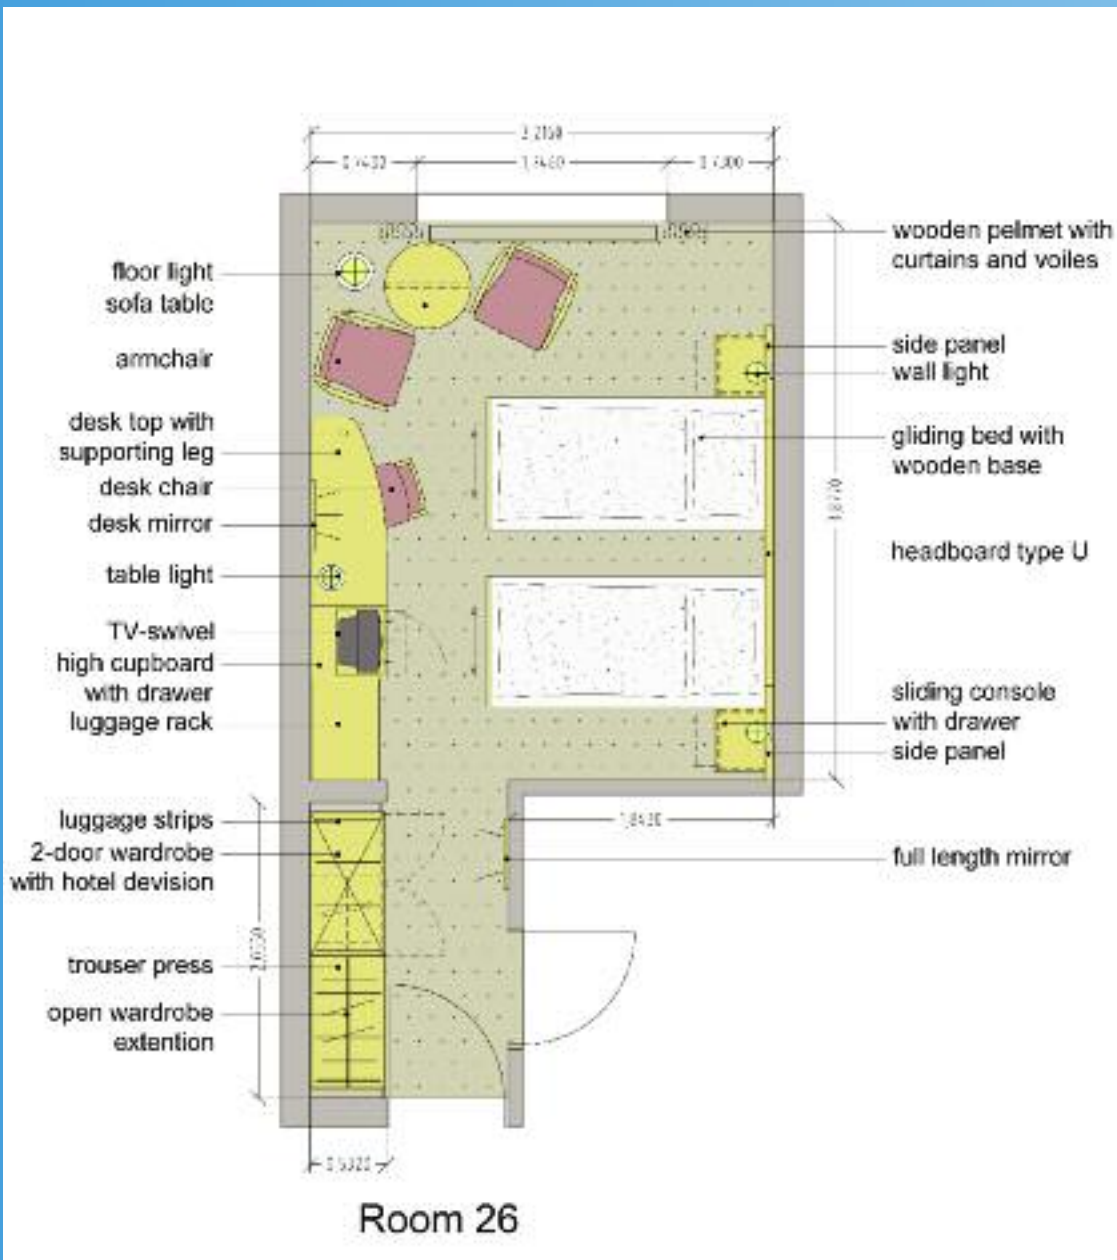

At Hotel Solutions, our remit is quite simple - we start with an empty room and end up with a beautifully designed, manufactured and installed hotel bedroom, on brief, on budget and on time.

Design, Manufacture, Installation - a turn key solution.

However complex your hotel project is, we have the experience and knowhow to realise your dream hotel, with our specification and quality of finish suitable for hotels from three stars and above.

Read on to see how our three steps can be your first step to a perfect hotel solution.

DESIGN

To us, the design phase is the key to a great product. Get that right in every detail and the project is off to a faultless start.

We pride ourselves in being able to deliver superb design to a wide range of interior styles. Our computerised 3D walkthrough demonstration of the design concept means you will experience walking through your hotel room while still at design and planning stage.

All design issues are covered in this unique design process including colour schemes, curtain and upholstery materials, carpets, lighting, seating and furniture elements.

DESIGN | MANUFACTURE | INSTALLATION

MANUFACTURE

Our manufacturing processes are leading edge in terms of technology and range of materials used whilst always ensuring we use the strictest environmental principals.

Due to our exhaustive and advanced CAD design processes, manufacture becomes state-of-the-art and precise to the last millimetre.

The furniture is manufactured in centres in both Europe and Asia enabling us to specify the exact materials and techniques required to bring each job to fruition.

DESIGN | MANUFACTURE | **INSTALLATION**

INSTALLATION

The final stage of the project sees the realisation of the Design and Manufacture ending in a finished room ready in every detail for the first guest.

Our team of experienced craftsmen ensure a smooth and thorough installation handed over on time, complete and ready for your first guests.

ROOM SOLUTIONS

We have a wide variety of design concepts available through Hotel Solutions, using modern materials, innovative design ideas.

So whether its a refurbishment or a new build project, contemporary or traditional furniture from our standard concepts, or totally bespoke furniture, call us today to discuss your requirements - it will be the first step to a top class hotel refurbishment experience.
